Arrowsmith Program Options 2019

Over the last 3 years, the Arrowsmith program at PVCC has seen student growth and academic progress in all participating students. In consultation with Arrowsmith Canada, in 2019 PVCC is opening up more flexible options for students to engage with the Arrowsmith program. All programs will take place during school hours, however the one program option or clocks only program may have the possibility to complete some of their program immediately after school (3.30 – 4.30).

The one program option would involve one period per day of Arrowsmith classes, two program option would be two periods per day in the Arrowsmith classroom etc.

Arrowsmith Program Option	Cost on top of school fees
• **Full Arrowsmith program assessment** *($1,000 credited back to fees if enrolled in the program within 90 days)*	$2,000
• **Symbol Relations** - Clocks only *Clocks post assessment*	$ 2,100
• **Motor Symbol Sequencing** (MSS) only *MSS assessment*	$ 2,100
• **One program** (1 period per day) *Including pre & post assessment*	$ 3,700
• **Two programs / Part time program** (2 periods per day) *Including pre & post assessment*	$ 7,400
• **Two programs + MSS** (2 periods per day + home work) *Including pre & post assessment*	$ 9,100
• **Four programs / Full time program** (4 periods per day) *Including pre & post assessment*	$13,100

Note: The one program and part time program options do not replace normal learning support programs within the school. Learning support for full time Arrowsmith students will be determined on a case by case basis.

Who is the Arrowsmith program for?
Students are enrolled in the Arrowsmith program for a vast array of reasons. A typical student may experience difficulties in some of the following areas:

- reading
- mathematics
- logical reasoning
- auditory memory
- non-verbal learning
- working memory
- writing
- comprehension
- visual memory
- dyslexia
- auditory processing
- processing speed
