

Accessing Microsoft Teams from Home

App or Website

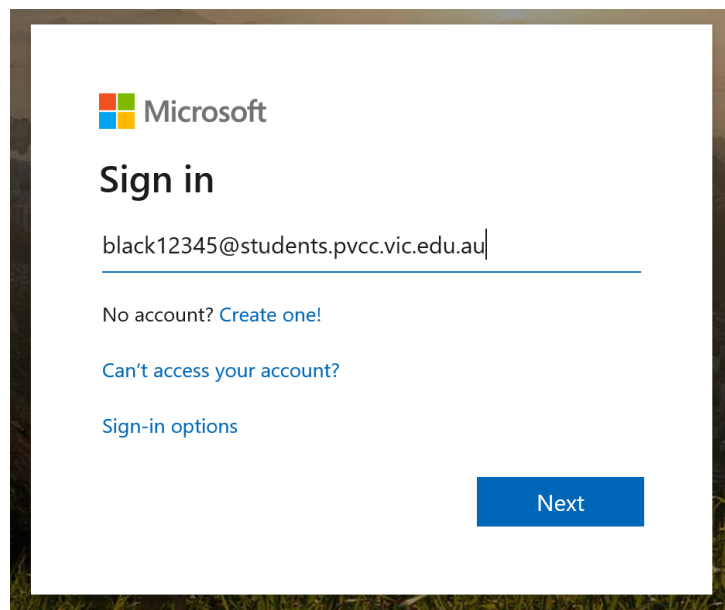

There are two ways you can access Microsoft Teams on your modern devices/computers. Either using the app (the preferred way) or the Teams website:

App	Website
<p>You can download and install Microsoft Teams on just about any device:</p> <p>Mobile/tablet</p> <ul style="list-style-type: none"> • iOS (iPad, iPhone, etc) • Android (Samsung Tab/Galaxy, etc) <p>Desktop/laptop</p> <ul style="list-style-type: none"> • Windows 64bit • Windows 32bit • Mac • Linux 64bit 	<p>Open up a modern web browser (Chrome, Firefox, Safari or Edge) and go to: https://teams.microsoft.com</p> <p><i>(Please note that Teams on an iPad through Safari isn't supported at this time. Use the app instead.)</i></p>

Logging In

To login, you will need to enter in the student **email address** and then their PVCC **password**. The email address pattern is: username@students.pvcc.vic.edu.au

The username is the first five letters of the last name then the student id.
Eg. Bob Blacksmith's username with their PVCC student id 12345 would be: black12345.

Then, enter their PVCC password, the same one that the students would use to log into a computer at the College.

If you are having trouble with logging in, please contact helpdesk@pvcc.vic.edu.au
