  - (i) The College will send a letter to the applicant acknowledging their receipt of the application and advising them of the enrolment procedures.
  - (ii) Where places are not immediately available on the basis of the application of the priority rules above, the Principal may determine to place the enrolment procedure on hold and a waiting list will be maintained by the College. Every effort will be made to give Applicants realistic advice on their child's likelihood of obtaining a place at the College.
  - (iii) An interview with the respective Head of School (or their nominee) is arranged.
  - (iv) The child may be required to complete any necessary assessments.
  - (v) Any special needs are noted and discussed with Applicant/s at the interview. Applicants may be required to provide additional information before the process can continue.
- (e) An application does not guarantee progress to the interview stage of processing by the College, nor does any interview guarantee an offer of enrolment.
- (f) A formal offer of a place in the College may be made, once all required information has been provided.
- (g) If the College offers enrolment, in order to confirm the enrolment place, the Applicants must:

## **7. REASONABLE ADJUSTMENTS**

- 7.1 Where information obtained by the College indicates that a child has a disability, the Principal will consult with the child, and his or her family or carers, to determine whether the disability would affect the child's ability to participate in or derive substantial benefit from the educational program at the College. Following the consultation, the College will assess whether it is necessary to make an adjustment, and whether that adjustment is reasonable.
- 7.2 The College will take into account relevant circumstances and interests when identifying what is a reasonable adjustment, including the following:
  - (a) the nature of the child's disability;
  - (b) the information provided by, or on behalf of, the child about how the disability affects the child's ability to participate;

- (c) views of the child, or an associate of the child, about whether a proposed adjustment is reasonable and will enable the child with a disability to reasonably access and participate in education and training opportunities on the same basis as students without disabilities;
- (d) information provided by, or on behalf of, the child about his or her preferred adjustments;
- (e) the effect of the proposed adjustment on the child, including the child's ability to participate in courses or programmes and achieve learning outcomes and independence;
- (f) the effect of the proposed adjustment on anyone else affected, including the College, staff and other students; and
- (g) the costs and benefits of making the adjustment.

7.3 The Principal may require the Applicant to provide medical, psychological or other reports from external specialists, and/or require an independent assessment of the child to enable the Principal to determine what adjustments are necessary and whether they are reasonable (having regard to the criteria above for determining reasonable adjustments).

7.4 If reasonable adjustments are necessary to enable a child to enrol in or participate at the college, the College will make those adjustments to the extent that they do not involve unjustifiable hardship. In determining whether an unjustifiable hardship would be imposed on the College, the Principal will take into account the relevant circumstances of the case, including:

- (a) the nature of the benefit or detriment likely to accrue or be suffered by any persons concerned (such as other students, staff, the College, the College community, the child and the family of the child). This includes (without limitation):
  - (i) costs resulting from the child's participation in the learning environment, including any adverse impact on learning and social outcomes for the child, other students and teachers;
  - (ii) benefits deriving from the child's participation in the learning environment, including positive learning and social outcomes for the child, other students and teachers; and
  - (iii) the effect of the disability of the child;
- (b) the College's financial circumstances and the estimated amount of expenditure required to be made by the Community - including costs associated with additional staffing and the provision of special resources or modification of the curriculum;
- (c) the impact of the adjustments on the College's capacity to provide education of high quality to all students while remaining financially viable;
- (d) the availability of financial and other assistance to the College (such as financial incentives, subsidies or grants available to the College as a result of the student's participation); and

- (e) the nature of the child's disability, his or her preferred adjustment, any adjustments that have been provided previously and any recommended or alternative adjustments.
- 7.5 The Principal will discuss with the Applicants and the Student (as appropriate) the concerns that it has regarding any proposed adjustment that would cause unjustifiable hardship to the College.
- 7.6 If the Principal is satisfied that it has sufficiently consulted the Applicants and the Student (as appropriate), and adjustments required are not reasonable or would cause unjustifiable hardship, or where the Student could not or cannot participate in or continue to participate in or derive or continue to derive any substantial benefit from the educational program even after the adjustments were made, the College may decline to offer the child a position or may defer the offer.
