3 Scope

This policy applies to the Approved Provider, Persons with Management and Control, Nominated Supervisor, early childhood teachers, Persons in Day to Day Charge, educators, staff and parents/guardians who wish to enrol or have already enrolled their child at Plenty Kids Early Learning Centre.

4 Background and legislation

Background

The *Education and Care Services National Regulations 2011* require approved services to have a policy and procedures in place in relation to enrolment and orientation (Regulation 168(2)(k)).

It is intended that all eligible children (refer to *Definitions*) will have access to one year of kindergarten before commencing school. However, a shortage of places in some areas can limit choices for parents/guardians. Where demand is higher than availability, Approved Provider's must adhere to their eligibility and priority of access criteria (refer to *Definitions* and *Attachment 1*) policy in order to allocate the available places. The criteria used to determine the allocation of places takes account of the requirements set out in *The Kindergarten Guide* (refer to *Sources*), the service's philosophy, values and beliefs, and the provisions of the *Equal Opportunity Act 2012*. The Victorian Government requires funded organisations to ensure that their policies and procedures promote equal opportunity for all children. Services participating in central enrolment schemes are required to comply with the enrolment procedures of that scheme. Please note that Plenty Kids Early learning centre does not participate in the central enrolment scheme as Plenty Kids Early Learning Centre Enrolment is directly through Plenty Kids Early Learning Centre.

Childcare services providing approved child care (refer to *Definitions*) must abide by the *Family Assistance Legislation Amendment (Jobs for families childcare package) Act 2017* (refer to *Legislation and standards*) and the Commonwealth Government's *Priority for allocating places in child care services* (refer to *Sources*). Please note that Plenty Kids Early Learning Centre is not an approved child care service and does not receive the Child Care Subsidy (CCS)

Immunisations are an effective means of reducing the risk of vaccine preventable diseases. Early childhood education and care services which are regulated under the *Education and Care Services National Law Act 2010* have legislative responsibilities under the *Public Health and Wellbeing Act 2008* to only offer a confirmed place in their programs to children with acceptable immunisation documentation (refer to *Definitions*).

Legislation and standards

Relevant legislation and standards include but are not limited to:

- *A New Tax System (Family Assistance) Act 1999*

- Students of full-time ministers or missionaries of recognised Protestant Christian churches;

Where a discount is given by the College, the College may, in its complete discretion, annually review the discount given, and is not obliged to offer future or further discounts to the Applicant or current enrolled family in question.

REASONABLE ADJUSTMENTS

Where information obtained by the College indicates that a child has a disability, the Principal will consult with the child, and his or her family and/or carers, to determine whether the disability would affect the child's ability to participate in or derive substantial benefit from the educational program at the College. Following the consultation, the College will assess whether it is necessary to make an adjustment, and whether that adjustment is reasonable.

The College will take into account relevant circumstances and interests when identifying what is a reasonable adjustment, including the following:

- the nature of the child's disability;
- the information provided by, or on behalf of, the child about how the disability affects the child's ability to participate;
- views of the child, or an associate of the child, about whether a proposed adjustment is reasonable and will enable the child with a disability to reasonably access and participate in education and training opportunities on the same basis as students without disabilities;
- information provided by, or on behalf of, the child about his or her preferred adjustments;
- the effect of the proposed adjustment on the child, including the child's ability to participate in courses or programmes and achieve learning outcomes and independence;
- the effect of the proposed adjustment on anyone else affected, including the College, staff and other students; and
- the costs and benefits of making the adjustment.

The Principal may require the Applicant to provide medical, psychological or other reports from external specialists, and/or require an independent assessment of the child to enable the Principal to determine what adjustments are necessary and whether they are reasonable (having regard to the criteria above for determining reasonable adjustments).

If reasonable adjustments are necessary to enable a child to enrol in or participate at the college, the College will make those adjustments to the extent that they do not involve unjustifiable hardship. In determining whether an unjustifiable hardship would be imposed on the College, the Principal will take into account the relevant circumstances of the case, including:

- the nature of the benefit or detriment likely to accrue or be suffered by any persons concerned (such as other students, staff, the College, the College community, the child and the family of the child). This includes (without limitation):
 - costs resulting from the child's participation in the learning environment, including any adverse impact on learning and social outcomes for the child, other students and teachers;

- benefits deriving from the child's participation in the learning environment, including positive learning and social outcomes for the child, other students and teachers; and
- the effect of the disability of the child;
- the College's financial circumstances and the estimated amount of expenditure required to be made by the Community - including costs associated with additional staffing and the provision of special resources or modification of the curriculum;
 - the impact of the adjustments on the College's capacity to provide education of high quality to all students while remaining financially viable;
 - the availability of financial and other assistance to the College (such as financial incentives, subsidies or grants available to the College as a result of the student's participation); and
 - the nature of the child's disability, his or her preferred adjustment, any adjustments that have been provided previously and any recommended or alternative adjustments.
- The Principal will discuss with the Applicants and the Student (as appropriate) the concerns that it has regarding any proposed adjustment that would cause unjustifiable hardship to the College.
- If the Principal is satisfied that it has sufficiently consulted the Applicants and the Student (as appropriate), and adjustments required are not reasonable or would cause unjustifiable hardship, the College may decline to offer the child a position or may defer the offer.

PRIVACY

ELIGIBILITY AND PRIORITY OF ACCESS CRITERIA

1 Eligibility and priority of access criteria for the funded kindergarten program

The following children are eligible for attendance in the funded kindergarten program:

- children who have been granted approval to receive funding for a second year of kindergarten in accordance with *The Kindergarten Guide* available at:
www.education.vic.gov.au/childhood/providers/funding/Pages/kinderfundingcriteria.aspx
- children who were eligible to attend in the previous year, but:
 - deferred
 - withdrew from the service prior to the April data collection
- children who turn four years of age by 30 April in the year they will attend kindergarten
- children turning six years of age at kindergarten who have been granted an exemption from school-entry age requirements by the regional office of DET (refer to *The Kindergarten Guide*, available at:
<http://www.education.vic.gov.au/childhood/providers/funding/Pages/default.aspx>)
- children who are younger than the eligible age, but whose parents/guardians have submitted an early age entry request for their child to attend school the following year. This written request is to be directed to the regional office of DET, or the non-government school the child will be attending. A copy of the approval must be attached to the kindergarten application. Parents/guardians should note that very few requests are approved by DET. If the child attends kindergarten early, but does not proceed to school in the following year, they will be unable to access a second year of kindergarten unless they are deemed eligible by DET for having recognised developmental needs
- three-year-old Aboriginal and Torres Strait Islander children, and children known to Child Protection may be eligible for the Early Start Kindergarten program. This scheme provides funding to enable children to attend a kindergarten program that is planned and delivered by an early childhood teacher for a specific number of hours. Details are available at:
www.education.vic.gov.au/about/programs/learningdev/pages/earlystartkinder.aspx

When demand exceeds availability, the Approved Provider will refer to the service's values, philosophy and *Inclusion and Equity Policy* to determine the priority of access. This will include:

- children who have received funding for a second year of kindergarten
- children who were eligible to attend in the previous year but deferred or withdrew from the service prior to the April data collection.
- priority of access criteria as outlined in *The Kindergarten Guide* available at:
www.education.vic.gov.au/childhood/providers/funding/Pages/kinderfundingcriteria.aspx

Other considerations may include alignment of the values and philosophy for enrolment between parents and Plenty Valley Christian College, date of application, siblings already enrolled at Plenty Valley Christian College and attendance in the three-year-old program at Plenty Kids Early Learning Centre.

2 Eligibility and access criteria for the three-year-old kindergarten program

Children are eligible for attendance in the three-year-old kindergarten program provided they have turned three prior to commencement.

Children will only be able to attend a second year of three-year-old kindergarten in exceptional circumstances (after consideration by the Approved Provider) or when all eligible children on the waiting list have been offered a place.

The Approved Provider must determine eligibility and access criteria applicable to the service. Considerations may include:

- children recommended by an educator for an additional year in the three-year-old program
- date of application – for example, families can enrol for the program when their child has turned two, or applications for the three-year-old program can open at the start of Term 1 in the year prior to commencement
- siblings attending the service
- places allocated by the service for transient families e.g. RAAF, seasonal workers and tourism workers

3 Allocation within groups

Where the service provides more than one funded kindergarten program or three-year-old program, places within the programs will be allocated to groups by the service in line with the eligibility and priority of access criteria.

Considerations may include:

- Needs of individual children
- Needs of the group
- Parental wishes.

Attachment 2

2 Offer of places

- Tentative places will be offered in writing to applicants in accordance with the eligibility and priority of access criteria of the service making clear that confirmation of places is not final until immunisation documentation has been received, assessed and found acceptable.
- Plenty Kids Early Learning Centre requires parents/guardians who have been offered a tentative place to provide acceptable immunisation documentation for assessment along with a copy of the child's birth certificate
- The documentation is assessed as outlined in the *Immunisation enrolment toolkit for early childhood education and care services* by the Registrar on behalf of the Approved Provider. The Key Dates work form in the *Immunisation enrolment toolkit for early childhood education and care services* is used to determine the date at which immunisations must be up to date. The toolkit also provides guidance on assessing immunisation documentation to determine if a child is up to date or qualifies for an exemption. The following documents and resources can be accessed from <https://www2.health.vic.gov.au>:
 - The Immunisation enrolment toolkit for early childhood education and care services (search 'Immunisation enrolment toolkit')
 - The Key Dates work form (search 'Key Dates work form')
 - Hard copies of the immunisation resources ([search 'immunisation resources order form'](#))
- The acceptable outcomes of the assessment for offering a confirmed place are:
 - That the next due vaccine for the child on the ACIR Immunisation History Statement or the Immunisation Status certificate is within the acceptable timeframe for an enrolment, or;
 - That the child is on a recognised catch-up schedule if they have fallen behind with their vaccinations, or;

- That the child has a medical reason not to be vaccinated, or,
 - That the child has been assessed by Plenty Valley Christian College as being eligible for a 16 week grace period
- The Registrar advises the parent/guardian in writing whether a confirmed place is offered and the enrolment can proceed.
 - Parents/guardians who do not have acceptable immunisation documentation cannot be offered a place and are referred to Australian Childhood Immunisation Register or to an immunisation provider (refer to Appendix 4 – Letter for parents/guardians who do not have acceptable immunisation documentation).
 - Offer of places in the three-year-old program/s and the funded four-year-old kindergarten program will be made at the same time.

Dear <addressee name>

RE: Parents/guardians without acceptable immunisation documentation

I am contacting you regarding your tentative place for [insert child's name] at Plenty Kids Early Learning Centre in the [insert 3-year-old or 4-year-old program] in [insert year].

Under the *Public Health and Wellbeing Act 2008* early childhood education and care services cannot enrol a child unless the parent/guardian has provided acceptable immunisation documentation.

Acceptable immunisation documentation includes evidence that your child:

- is fully vaccinated for their age
- is on a recognised catch-up schedule
- has a medical reason not to be vaccinated
- has been assessed by our service as being eligible for a 16-week grace period.

As we have not received acceptable immunisation documentation for [insert name of child] by the due date, we are unable to confirm a place at our service for [insert year] and your child's name has been removed from our list.

Immunisation programs are effective in reducing the risk of vaccine preventable diseases.

Immunisation from an early age helps protect your child against serious childhood infections.

Further information about immunisations for your child is available from:

- your doctor
- <https://www.nillumbik.vic.gov.au/People-and-family/Immunisations>
- National Immunisation Information Line Tel. 1800 671 811
- Australian Childhood Immunisation Register Tel 1800 653 809
- Better Health Channel website: <https://www.betterhealth.vic.gov.au/no-jab-no-play>

Should you wish to re-apply for a place for [insert child's name], we are happy to accept a new enrolment application accompanied by acceptable immunisation documentation. The new application would be considered in line with Plenty Kids Early Learning Centre's Enrolment and Orientation policy.

Yours sincerely,
