

28 July 2022

Dear Colmont School Families,

We are very sorry to hear about the closure of Colmont School and understand this is a very difficult time for your family with this sudden announcement and impending change.

Plenty Valley Christian College are keen to support families to offer continuity of education to Colmont School students where possible. We do however have limited vacancies available in a number of year levels and some year levels are currently full.

Our website has more information to help you determine whether our college is a good fit for your family, including details on our enrolment process and application form. We will endeavour to prioritise your enrolment applications as quickly as possible to expedite the transition process.

You are welcome to contact our Reception team or Registrar with any enquiries.

Kind regards in Christ,

John Metcalfe
Principal

PVCC
