

Issue No. 13

Friday 16 September 2022

Welcome to this edition of the Careers Newsletter. You will find lots of information in this edition including:

- **VTAC Important dates**
- **Alternative pathways to Teaching**
- **Where can a Law degree take you?**
- **William Angliss – School holiday events**
- **Medical Imaging and Optometry courses**

You can also check out our PVCC Careers website for important information for students and parents.

- **Year 12 VTAC late applications – 29 September – 4 November**
- **VTAC SEAS and Scholarship applications – due October**

Reminder: VTAC 2023 Upcoming Key Dates

Timely applications through VTAC	Thursday 29 September 2022
SEAS applications close	Friday 7 October 2022
Scholarships through VTAC close	Friday 7 October 2022

Also, students applying for courses that have **essential requirements** (i.e., submitting a folio, a pre-selection kit, arranging an interview, etc.) are reminded that failure to meet the deadline date for these means students may no longer be eligible for selection into their desired course.

Students eligible to apply for **SEAS** are also encouraged to apply for **VTAC Scholarships**.

The VTAC website is www.vtac.edu.au

There's only one way to choose a Uni – they've got to experience it.

Students who might have missed out on the recent Open Day events, or who might like a bit more of a personal tour of the university campuses, are encouraged to register for a Campus Tour these upcoming school holidays.

Below are details of Campus Tours at the Melbourne and Geelong Campuses. Details of the Warrnambool Campus Tour can be found when clicking on the registration link.

Dates: Melbourne Campus: *Thursday 22 September OR Wednesday 28 September*
Geelong Waurin Ponds Campus: *Tuesday 27 September OR Thursday 29 September*
Geelong Waterfront Campus: *Wednesday 21 September*

Times: 9.00am, 10.30am, 12.00pm, 1.30pm, 3.00pm

Register [here](#).

Although the 3-year ***Bachelor of Educational Studies*** allows students to gain a qualification to work in education-related fields other than teaching, it is also designed as a pathway for students who wish to consider future study in teaching in Early Childhood and Primary Education. Eligible students who successfully complete their first year of study (subject to meeting certain progression and non-academic requirements) may apply for transfer into the second year of the Bachelor of Education suite of courses. Students who complete the three years of study can progress to a postgraduate Initial Teacher Education qualification.

Students should note that this course alone will not lead to early childhood, primary or secondary teacher registration in Australia.

Find out more at [Bachelor of Educational Studies](#).

The **Diploma of Teacher Education Preparation** may be the right study choice for students with the motivation, capability, and personal attributes to be a great teacher.

The **Diploma of Teacher Education Preparation (Dip TEP)** is an accredited qualification aimed at domestic students who do not initially meet the minimum ATAR for teaching. Successful completion of the Dip TEP will ensure that students graduate with the prerequisite knowledge and skills to undertake a rigorous undergraduate teacher education course. The Dip TEP supports students to meet the literacy and numeracy standards they will need in order to graduate with a teaching qualification and supports them to meet the demands of study at a higher education level.

The course introduces them to contemporary issues in education and to teaching as a profession, including practical school-based placement.

The course is offered by a number of institutions, including [ACU](#), [RMIT](#), [Swinburne](#), and [VU Polytechnic](#).

MONASH University

➤ **Entry Scheme**

Monash is committed to helping students combine academic success with sporting or performing arts success. We know that for an elite athlete or performer, your ATAR might not accurately reflect your ability and we acknowledge the commitment and time it takes to be at the elite level and how this can affect your studies.

Students who are elite athletes or performers, may be eligible for **Monash University's Elite Student Performer Entry Scheme**.

Visit [Elite Student Performer Entry Scheme](#) and find out more about eligibility criteria, and the application procedure.

➤ **Support Scheme**

Monash University is committed to helping its students combine academic success with sporting or performing arts success through our Elite Student Performer Support Program.

The university provides a range of support services and benefits to students who are competing or performing at an elite level in their sport or discipline (i.e., at the National or International level).

This support will help student members to balance their commitments to both their studies and their sport/discipline and manage any conflicts that may arise.

Find out more at [Elite Student Performer Support Scheme](#).

If you're an elite athlete or performing artist, you may be eligible for the Elite Athletes and Artistic Performers Entry Scheme.

Additional consideration can be given for entry into Melbourne undergraduate and graduate degrees to applicants who:

- are an Australian or New Zealand citizen or Australian permanent resident or holder of a permanent humanitarian visa
- are recognised as an elite athlete or performing artist by one of [these organisations](#)
- meet the prerequisites (and any other published entry requirements) of the course
- can demonstrate that they have undertaken elite training, competition, performance and/or practice commitments whilst preparing for entry to the University of Melbourne.

The athletic or performance activity applicants nominate cannot be associated with the degree they are applying for, i.e., elite musicians applying for the Bachelor of Music.

Eligible athletes can also apply to Melbourne's [Elite Athlete Program](#) for sports scholarships and support.

Find out more at [Elite Athletes and Artistic Performers Entry Scheme](#).

Most universities in Victoria offer an Arts degree, and many of these are listed below. Students should note that the prerequisite VCE subject for most Arts degrees is only an English or EAL. For a comprehensive list of courses (including the many double-degree options) on offer at universities, visit VTAC.

- UQ is one of Australia's leading research and teaching institutions.
- UQ is consistently ranked well inside the top 50 of more than 10,000 universities worldwide - [International Rankings](#).
- UQ is located in and around Brisbane, and the university has teaching and research sites throughout Queensland, and its major campuses are at St Lucia, Gatton, and Herston - [Campuses & Locations](#).
- There are six faculties at UQ, which are responsible for academic programs and decisions regarding a student's pursuit of their academic program - [Faculties](#).
- At UQ students can choose from an extensive range of undergraduate programs, many of which can be "customised" by major – and minor – fields of study. Programs are organised through schools and faculties, but sometimes a student can "mix and match" between them with electives and dual degrees - [Undergraduate Courses & Programs](#).
- UQ has a diverse student exchange program, and students can study overseas for up to one year while gaining credit towards their UQ degree. UQ has over 180 exchange partners in over 40 countries - [UQ Abroad](#).
- Students keen on learning another language can enrol in one of over 30 different language courses through UQ's Institute of Modern Languages - [Institute of Modern Languages](#).
- There are over 200 clubs and societies at UQ, all aimed at expanding a student's social life, playing an important role in the UQ student experience - [Clubs and Societies](#).
- The [Employability Award](#) program is a structured program that recognises the personal and professional development a student gains from their involvement in activities above and beyond academic studies.
- UQ has a dedicated website designed for future students to find answers to all the questions they might have about studying at UQ - [UQ Answers](#).
- UQ has some excellent facilities including -
 - * a state-of-the-art multi-purpose learning space for first-year engineering students - [Engineering](#)
 - * the School of Veterinary Science complex - [Veterinary Science](#)
 - * the Pharmacy Australia Centre of Excellence (PACE) precinct which houses the School of Pharmacy - [Pharmacy](#)
- UQ has 10 residential colleges - [Accommodation](#).
- UQ offers a range of scholarship options to make university study more affordable, ranging in value up to \$12,000 per year for the VC Scholarship - [Scholarships](#).

Another area where legal knowledge is required is in the areas of **health, aged care, voluntary assisted dying, human rights law, and workplace law.**

Finally, there is the need for legal expertise in **arbitration and mediation, government policy, consultancy, journalism, and human resources management.**

[Good Universities Guide - Architecture](#)

The duties of an architect include –

- meeting with clients or builders to discuss their requirements and prepare a design brief
- prepare sketches, production drawings and detailed drawings by hand or using computer-aided design (CAD) software
- combine structural, mechanical, and artistic elements into a building's design, such as decks and atriums, lifts, air conditioning systems and decorative finishes
- discuss designs and cost estimates with clients and others involved in the project
- obtain necessary approvals from authorities
- prepare specifications and contract documents for builders, tradespeople and legal advisers

Sometime students opt to become an **Architectural Draftsperson** and this role involves completing architects' and other designers' concepts by preparing documents (drawings or plans) and liaising with builders and contractors - [Good Universities Guide - Architectural Draftsperson](#). Most often, a TAFE qualification – **Advanced Diploma of Building Design (Architectural)** – is required to fulfil this role, and in Victoria this diploma is offered at a number of institutions including Box Hill Institute, Holmesglen Institute, Federation University, RMIT University, Swinburne University, and Victoria University.

Successful architectural drafts people need to -

- *be able to visualise ideas in three-dimensional form*
- *enjoy technical drawing and working with technology*
- *be able to draw neatly and accurately*
- *have good concentration and attention to detail*
- *have some artistic talent in freehand drawing*

In the case of either of these two roles, both include liaising with other designers and specialists throughout the building process, such as structural and civil engineers; electrical, mechanical, and hydraulic consultants; builders; surveyors; and landscapers.

Medical imaging technologists operate X-ray and other imaging equipment, such as MRI and Ultrasound, to produce radiographic images which are used in the diagnosis and subsequent management of disease or injury. Below are links to the specialised medical imaging areas, some of which are detailed in the *Good Universities Guide*: [Nuclear Medicine Technologist](#), [Medical Imaging Technology](#), and [a useful links - So, you want to be a Sonographer?](#), and [Medical Imaging and Radiation Sciences at Monash](#). **In Victoria students can study specific medical imaging courses (also known as medical radiography or medical radiations or sonography) at the following universities:**

INSTITUTION	COURSE	VCE PREREQUISITES	2022 ATAR
CQU M - Melbourne Campus	Medical Sonography	Recommended study in English, Maths, Biology, Physics, Science	91.85 (M)
Deakin University G - Geelong Waurn Ponds Campus	Medical Imaging	Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; Units 3 and 4: a study score of at least 25 in one of Biology, Chemistry or Physics; Units 3 and 4: a study score of at least 22 in one of Maths: Mathematical Methods or Maths: Specialist Mathematics or at least 30 in Maths: Further Mathematics.	91.40 (G)
Monash University C – Clayton Campus * For the first year, you will study units at both the Caulfield and Clayton campuses. The units in years' two and three are delivered at the Clayton campus. [Good Universities Guide - Optometrist](#) states that *Optometrists perform eye examinations to determine the presence of vision problems and other eye conditions and disease. They treat or manage these problems by prescribing glasses, contact lenses, optical aids, vision therapy, medication (in the form of eye drops) or referral to an eye surgeon when required.*

Optometrists need to have a patient and caring manner; be able to carry out accurate and precise work, have good communication skills, and enjoy helping people.

To become an optometrist a student usually has to study optometry at university. Alternatively, they can complete a degree in vision science or a relevant area at university, followed by a postgraduate qualification in optometry. Prerequisite subjects, or assumed knowledge, in one or more of English, mathematics, chemistry, biology and physics are normally required. Entry to postgraduate courses usually requires completion of an appropriate bachelor degree. A number of universities in Australia offer these degrees. Universities have different prerequisites, and some have flexible entry requirements.

Optometry courses on offer in Australia include -

INSTITUTION	COURSE	ENTRY REQUIREMENTS IN 2022
DEAKIN UNIVERSITY	Bachelor of Vision Science/Master of Optometry	Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL An ATAR of 95+
	Master of Optometry	Completion of a Bachelor of Vision Science, or equivalent, with an emphasis on an adequate coverage of vision sciences
FLINDERS UNIVERSITY	Bachelor of Medical Science (Vision Science), Master of Optometry	Assumed knowledge of Maths Methods, Chemistry and Physics An ATAR of 95+
QUEENSLAND UNIVERSITY OF TECHNOLOGY	Bachelor of Vision Science/Master of Optometry	English/EAL, Maths Methods or Specialist Maths, Chemistry, Physics An ATAR of 99+
UNIVERSITY OF CANBERRA	Master of Optometry	Only open to students who have completed the Bachelor of Vision Science at the University of Canberra
UNIVERSITY OF MELBOURNE	Doctor of Optometry	An undergraduate degree (or equivalent), and three subjects at second or third year level (or equivalent) in one or more relevant biological science disciplines plus the GAMSAT or MCAT
UNIVERSITY OF NEW SOUTH WALES	Bachelor of Vision Science with a Master of Clinical Optometry	English/EAL, Maths Methods, Chemistry, Physics An ATAR of 99+

Note: Students who attain an ATAR of 99.00 are eligible for the [Graduate Degree Package](#) through Biomedicine or Science

[Australian Institute of Music \(AIM\)](#) is a private music school totally dedicated to the pursuit of excellence in music – be it composition, performance, or even management.

AIM has campuses in Sydney and Melbourne, and courses offered in Melbourne include:

[Bachelor of Entertainment Management](#) – a 3-year course for anyone with a passion for the inner workings of the music and entertainment industry.

[Bachelor of Music \(Composition & Music Production\)](#) – a 3-year course providing a creative environment for composers, songwriters, electronic musicians, film and screen composers, game composers and music producers to gain their own unique blend of technical, musical, and professional skills.

[Bachelor of Music \(Contemporary\)](#) – a 3-year course great for instrumentalists or vocalists looking to become a highly accomplished musician, both as a soloist and within an ensemble setting.

[Bachelor of Music \(Music Theatre\)](#) – a 3-year course developing skills in four core disciplines: Voice, Acting, Dance and Musicianship. Students will learn to develop the ear of a musician, the body awareness of a dancer, the imagination of an actor and a thorough understanding of the music language.
